Documenting Interpreter Services for Inpatient Physicians

A provider can bring in "Interpreter Services" through a dot (.) phrase. When the provider is on the workflow M page, he can go into the Subjective/History of Present Illness or any free text box and bring in the Interpreter information.

1. Click in the field below with a dot (.) and the following list will appear; they can choose ".Interpreter Services".

2. This information will pull in.

3. Fill in the information and click "Save".

Subjective/History of Present Illness

Selected visit

Interpreter Services
Date / Time: _10/9/209
